

## **Passenger Safety Information**

Amidst the fun and excitement of experiencing nightlife abroad, it's important to be aware of your surroundings and personal safety as well – especially if you're female.

Always stick together, take a taxi where possible, and keep a note of your accommodation details so you can find your way back to your fellow Topdeckers if you become separated.

Keep track of what you're drinking, and if one of your trip mates is a little worse for wear, take them home. Be cautious when accepting drinks from strangers and never leave your drink unattended.

Also, be aware that what you might consider harmless flirting could be interpreted differently in some countries. Have fun, but be mindful of the signals you're sending out so that you don't find yourself in an uncomfortable situation.
