## Meals

Breakfasts are included every day in the hotel (except on the first morning). They are usually 'continental breakfasts', which are typical in most European countries. A typical breakfast may consist of cereals with milk or yoghurt, bread, croissants, cold meats, cheese and a range of spreads, with fruit juice, tea or coffee to drink. It is rare to get a hot breakfast in continental Europe, though on some occasions there may be some hot food available as well.

Included evening meals are in local restaurants or accommodation places, and are either two or three courses. In most cases table water

is provided with the meals, and if you wish to purchase additional drinks you can do so at your own expense.

If you have any dietary requirements we will make every effort to cater to your specific needs as long as you advise your travel agent or Customer Service Consultant when you book, or make note of this in the Topdeck App when you check in (refer below). However, please be aware that although we will do everything in our power to arrange it, we cannot guarantee that every restaurant we use will be able to cater to all dietary needs, particularly in Eastern Europe. We also cannot cater for tastes or dislikes, as most of our included evening meals feature a set menu.

## *Passenger safety*

One of the best parts of travelling is experiencing the nightlife and entertainment each city has to offer. However, amidst the fun and excitement, it's important to be aware of your surroundings and personal safety as well. Before you hit the road with us, be sure to familiarise yourself with the following safety information.

When you're on a night out, remember to avoid walking alone, particularly through deserted areas like beaches and back streets. Always stick together, take a registered taxi where possible, and keep a note of your accommodation details so you can find your way back to your fellow Topdeckers if you become separated. It's also a good idea to get your Topdeck trip mates' mobile numbers in case you need to get hold of them while out and about.

In some countries, alcoholic measures can be considerably larger than what you may be used to. Try to keep track of what you're drinking, and if you see one of your trip mates looking a little worse for wear, take them back to your accommodation. Never leave your drink unattended.

It's also important to be aware that what you might consider harmless flirting may be interpreted differently in some countries. Be yourself and have fun, but stay savvy – you don't want to find yourself in an uncomfortable situation.
